

***B&D* Rollers**

THE ULTIMATE IN HAY CONDITIONING ROLLERS

- 100% CONTACT SET ROLLS **WITH NO GAP**
- DRY HAY FASTER

Maximize your hay's quality and yield with our revolutionary roller system! Designed for universal compatibility, it promises smoother operations without any need for machine modifications. **Experience quicker drying times**, enhanced nutrient retention for higher RFV, **and ultimately, softer, more palatable hay.**

Excellent Feedability • Fully Crushed Stem for Exceptionally Soft Hay • Faster Dry Down

"With these rolls, I can shoot for a window and know that my hay will be up before the rain! We bale 2 days sooner than we did with our Chevron conventional rolls."

- Joe Berney, of Berney Farms, Okanogan, Wash.
